RANGE

Thermoval®

External thermal screens

The material used for the manufacture of the Thermoval® range originates from the cold storage and freezing industries: it keeps the cold chain of refrigerated products intact

- Efficient winter and summer alike
- Opaque, it prevents cab upholstery from fading

Made of a PVC film bonded to a 5 mm thick (approx.) polyester foam

- 100% waterproof, no risk of leakage
- Limits condensation
- Just wipe it with a sponge - no more drying time before folding!

100% Made in France

- Constant production quality
- Permanent stocks and quick delivery services
- Garantie 2 ans

Certified
THERMOGRAPHIC testing

Hot zone

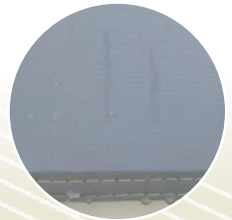

Cold zone

Comes delivered with a polyester storage bag (Thermoval® Luxe & Intégral)

Exterior PVC film perfectly waterproofs the product: no leakage, no drying time

Constant production quality,
efficiency, fair price, wide range...
A must-have accessory!

Environment matters! Please recycle our cardboard and paper packages.

Overcab / Low profile / Van range

Easy fitting with no screwing nor drilling

INNOVATIVE AND HIGH PERFORMANCE CONCEPT:

11 layers: the best insulation ever!

The material used for the ISOVAL® was originally used in the building trade to keep houses warm during winter and cool during summer.

This insulating complex provides **unmatched thermal performance**:

- 1 • External front: **reinforced metallic polyester** 135g/m²;
- 2 • First **air cushion**: wadding sheet;
- 3+4 • First **thermal barrier** compounded of 1 closed cell foam sheet + 1 metallic sheet insert;
- 5 • Second **air cushion**: wadding sheet;
- 6+7 • Second **thermal barrier**: 1 foam sheet + 1 metallic sheet insert;
- 8 • Third **air cushion**: wadding sheet;
- 9 • Internal front: non-woven web **prevents condensation**;
- 10+11 • This insulating complex comes packed in a 2-layer sandwich made of waterproof synthetic fabrics for a **perfect watertightness**.

Comes delivered with a polyester storage bag: heavy-duty and breathability

Isoval® features:

- ▶ 2-year guarantee, 100% handmade in France
- ▶ 4-season thermal insulation from heat and cold for the best internal comfort
- ▶ Limits condensation
- ▶ Opaque, it prevents cab upholstery from fading
- ▶ 100% waterproof, no risk of leakage
- ▶ Quick and easy to put up
- ▶ A wide scope of products available from the start for different motorhome kinds!

Overcab / Low profile / Van range

Easy fitting with no screwing nor drilling

Fixation inside the vehicle with heavy-duty suction pads: strong assembly on any vehicle, even if fitted with cab screens

Fold down front, no need to remove entire cover

- SUNLIGHT

Isoval[®] Intégral comes developed
for each vehicle kind, offering a
perfect assembly, thus ensuring
perfect insulation

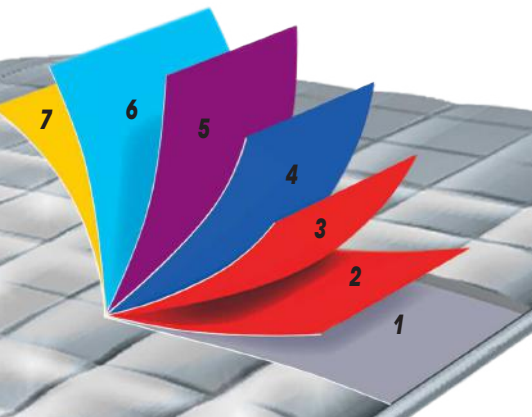

Focus on fold down front
featuring hook-and-loop
fasteners

Hanging on passenger side using
Tenax[®] self-locking fasteners

INNOVATIVE CONCEPT:

Multi-layer material especially designed to improve internal insulation;
the 7-layer complex combines effectiveness and aestheticism:

- 1 • External front= **reinforced metallic** polyester;
- 2+3 • Double **air cushion**= wadding sheets;
- 4 • **Thermal barrier**= simple PEPP sheet, recycled plastic material;
- 5 • **Air cushion**= recycled wadding sheet;
- 6 • **Strength & rigidity**= white non-woven web;
- 7 • Internal front made of polyester grey textile, for a **cocoon finishing**.

Layers are carefully sewn, diamond shaped; no-stretch PVC finishing edging ensure long-lasting products.

Thanks to our "Handmade in France" skills, we have developed the scope of use for this material to improve comfort in camper/converted vans:

- **Thermicamp® ROOF**, for pop-up roofs
- **Thermicamp® DOOR**, for hatchback / rear doors

Thermicamp® features:

- ▶ Thermal insulation from heat and cold
- ▶ Simple assembly system: perfect adjustment on any vehicle
- ▶ Quick and easy to put up
- ▶ Sweet & cocoon atmosphere in the bedding area, for restful nights
- ▶ Handmade in France, 2-year guarantee

Thermicamp®: a comprehensive range to extend the use of your camper/converted van on chilly days

Watch our assembly and use movies on our Youtube channel **You Tube**

COMPATIBLE WITH OVER
30 BRANDS 50 RANGES

Thermicamp®

DOOR

Internal insulation curtain for rear doors / hatchback

Everyone knows that heat losses are located around the openings, it sounds logical to improve insulation there.

This curtain has been designed to insulate the rear part of the camper/converted van, making a barrier against cold:

- ▶ sleeping comfort greatly improved;
- ▶ all seasons use of the vehicle;
- ▶ energy savings with lower heat losses.

Universal assembly system: Tenax® fasteners as anchoring points ensure to adapt the shape of the bodywork, avoiding any thermal bridge rupture.

Handy! Access to the hold without removing the mat!
Lift each curtain opening the profile zip fastener,
and fix them with their hook-and-loop fasteners
for a large opening.

**No need to take the mat out before starting out again
or handling load on stop.**

Suitable* for camper/ converted vans:

- CITROEN Jumper - SpaceTourer - Jumpy
- FIAT Ducato (MH2 - MH3) - Talento
- FORD Transit - Custom
- MERCEDES-BENZ V Class (Viano) - Vito
- OPEL Vivaro
- PEUGEOT Boxer - Expert - Traveller
- RENAULT Master - Trafic
- TOYOTA ProAce
- VOLKSWAGEN Transporter T4 - T5 - T6

** For details on models, year of manufacture
or other brands, contact your dealer*

Interior view

Thermicamp®

ROOF

Internal insulation mat for pop-up roof

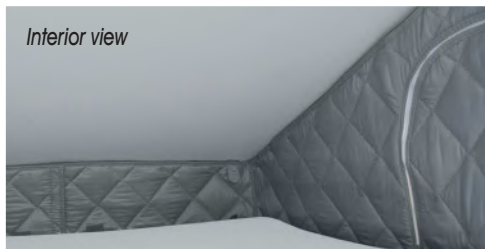

Provides a new comfort during cold nights and warm and sunny days.

Assembled into a single part, Thermicamp® ROOF ensures real thermal insulation against cold and heat, avoiding any thermal bridge rupture. Its internal front made of polyester grey textile displays **a sweet & cocoon atmosphere** for restful nights.

The simple assembly system ensures perfect adjustment on any vehicle; fitting accessories allow to put it up quickly & easily during the break:

- ▶ Hanging on ceiling with self-locking fasteners
- ▶ Self-adhesive hook fastener (Velcro® alike system) attached to vehicle roof (sheet metal)

Interior view

Sides open partially with their profile zip fasteners, thus giving an access to the pop-up roof canvas: no need to remove entire mat... **So handy!**

Opening the shutters of the roof allows ventilating the vehicle, so as to renew the air and limit condensation.

Suitable* for converted vans:

- CAMPEREVE Mirande S - Cap Land - Cap Coast
- CAMPTER !
- CROSSCAMP
- DREAMER Cap Fun - Cap Life
- FONT VENDOME Autocamp - Autocamp XL
- FORD Nugget
- MERCEDES-BENZ Marco Polo
- RANDGER R499 - R535
- STYLEVAN Durban - Melbourne
- VOLKSWAGEN California T4 - T5 - T6
- WESTFALIA Kepler - Jules Verne

NEW

New range for MH2 campervans:

- BURSTNER Campeo - Eliseo
- DREAMER D43 UP

* For details on models, year of manufacture or other brands, contact your dealer

Material specifications : see page 9

Spacecamp®

REAR TENT

One additional room on stop!

Living space on board of compact campervans is limited.

We have launched this REAR TENT **to offer one additional room on stop.**

There are so many ways to use it: dining area, shower cabin, storage compartment...

And your fantasy will bring you so many more!

Easy to put up: hanging canvas onto the vehicle is so handy with its Tenax® fasteners. Set canvas anchoring it to the ground using the pegs.

Made with TenCate canvas (polyester with acrylic coating): **waterproof and breathable, hard-wearing and easy-to-maintain.**

Luxury assembly with grey no-stretch PVC bias binding + PVC mud flap.

Rear wall is fitted with a cristal window; to preserve privacy, we added a shutter on profile zip fastener.

We supply a hanging rail and a special frame (stainless steel diam. 22 mm) for vehicles with rear doors, **to ensure perfect rainwater run off.**

Ground surface: approx. 2.5 m² (size depends on vehicles).

Compact, it comes delivered with a storage bag and will be easily put in a tiny cupboard.

Suitable* for:

- CITROEN SpaceTourer - Jumpy
- FIAT Talento
- FORD Custom
- MERCEDES-BENZ Vito - V Class
- OPEL Vivaro
- PEUGEOT Expert - Traveller
- RENAULT Trafic
- TOYOTA ProAce
- VOLKSWAGEN Transporter T5 - T6

** For details on models, year of manufacture or other brands, contact your dealer*
